

ABOUT THE SYMPOSIUM

This event is the fifth in the series of EuroAliment symposia. The missions of EuroAliment 2011 is:

- to support the dialog between academy and bussiness and to create strategic forms of collaboration between science and industry,
- to bring together education and research with engineering and industry, in order to facilitate implementation of novel technologies,
- to strengthen the position of Romanian Food Science and Engineering in the European Union.

ABOUT GALATI AND THE FACULTY OF FOOD SCIENCE AND ENGINEERING

Galati, the symposium city, has the largest port on the Danube, the largest iron and steel plant in South Eastern Europe and the country's largest shipyard. The Faculty of Food Science and Engineering from the University Dunarea de Jos of Galati, which is organising the symposium, was founded in 1948 and nowadays is both a teaching and research institution. The faculty was unique in Romania till 1989. Since then, it became a reference for the development of food studies in Romania.
