

Thursday, the 29th of September 2005

Opening Ceremony & Conferences

W01	Petru ALEXE Dean of the Faculty of Food Science and Engineering, University of Galati, Romania Welcome	13³⁰
W02	Alexandru EPUREANU Rector of the University “ <i>Dunarea de Jos</i> ” of Galati, Romania Welcome	13⁴⁰
M03	Rodica ALEXANDRU University of Galati, Faculty of Food Science and Engineering, Romania Professor Brad SEGAL – a Visionary Spirit	13⁵⁰ Published in Volume p. 1–4
C04	Piotr LEWICKI Warsaw Agricultural University, Poland Food Engineering and its Interface with Biotechnology	14⁰⁰ Published in Volume p. 99–107
	Discussion	14³⁰
C05	Nabil EL MURR Université de Nantes, France Electrochemical biosensors used in the food industry	14⁴⁰ Published in Annals p. 97
	Discussion	15¹⁰

- C06 Wolf HERBERG*, Gheorghe TURTOI**** 15²⁰
* – GEA Westfalia Separator – Germany
** – GEA Process Technology Romania – Bucharest

“PROFI” – Free Kiselghur Beer Filtration

- C07 Barbara HARTEN*, Gheorghe TURTOI**** 15⁵⁰
* – GEA Westfalia Separator – Germany
** – GEA Process Technology Romania – Bucharest

Biodiesel – Tendencies and Technologies

Discussion 16²⁰

Coffee break 16³⁰ – 17⁰⁰

- C08 Boris HERSKOWITZ*, Rodica SEGAL**, Dana Iulia MORARU**** 17⁰⁰
* Soglowek Food Industries, Nahariya, Israel
** Faculty of Food Science and Engineering, University of Galati, Romania

Comparative studies of using lupin and soy protein derivates to obtain novel “clean-labelled” simulated products

Studiu comparativ al utilizării lupinului și a derivatelor proteice din soia pentru obținerea de produse noi, “clean-labelled”.

Published
in Annals
p. 5–8

- C09 Diana CURCHI, Tatiana COJOCARU, Rodica STURZA,
Larisa ZADOROJNÎ and Mariana PARASCHIV** 17²⁰
Technical University of Moldavia, Chisinau, Moldavia Republic

Study of the electrochemical properties of food oil-in-water emulsions fortified with micronutrients

Studiul proprietăților electrochimice ale emulsiilor apă-în-ulei fortificate cu microelemente

Published
in Annals
p. 24–28

- C10 Carmen CREANGĂ*, Caroline ANDRIANTSIFERANA** and Henri DELMAS**** 17⁴⁰
- * Faculty of Science and Food Engineering, University of Galati, Romania
** Laboratoire de Génie Chimique, Toulouse, France
- Activated carbon adsorption of non biodegradable compounds in agroindustrial wastewaters Published in Annals p. 38–43
- Adsorbția pe cărbune a compușilor nebiodegradabili din ape reziduale agroindustriale
- C11 Gheorghe ȘTEFAN, Cornel MIHAI, Viorel MARIUȚAN and Gheorghe VĂCARU** 18⁰⁰
- Ministry of Agriculture, Forests and Rural Development, National Agency for Aquaculture and Fishing, Romania
- Aquaculture and fisheries in Romania in the context of integration in European Union
- Acvacultura și pescuitul în România în contextual integrării în UE
- Discussion** 18²⁰

Posters presentation 18³⁰ – 19³⁰ F Building
and exhibitions tour

Dinner 19³⁰

Friday, 30th of September 2005

Section 1 – Food Science

E 210 – 2nd level

Chairmans: Professor **Rodica SEGAL**, PhD
Professor **Rodica STURZA**, PhD

- | | | |
|-------|---|---|
| S1-01 | Christoph BAMBAUER and Marc MEINHARDT
University of Duisburg-Essen, Germany

Philosophical Problems of Food Science and Applied Ethics | 9 ⁰⁰

Published
in Volume
p. 7–11 |
| S1-02 | Artur MACARI, Pavel TATAROV and Elisaveta SĂNDULACHI
Technical University of Moldavia, Chisinau, Moldavia Republic

Determination of Antioxidant Activity of Vegetables by Potentiometric Method

Determinarea activității antioxidante a produselor vegetale prin metoda potențiometrică | 9 ¹⁵

Published
in Volume
p. 12–15 |
| S1-03 | Luminița PÎRVULESCU, Iosif GERGEN and Ciprian RUJESCU
Banat's University of Agriculture Sciences and Veterinary Medicine, Timisoara, Romania

Study of Antioxidant Capacity of the Food Products by Using some Mathematical Method

Utilizarea unor metode matematice în studiul capacității antioxidante a produselor alimentare | 9 ³⁰

Published
in Annals
p. 1–4 |
| S1-04 | Gabriela IORDĂCHESCU* and Diana POPA**
* Faculty of Food Science and Engineering, University of Galati, Romania
** Faculty of Letters, History and Theology, University of Galati, Romania

Knowledge and Attitudes on Food Safety

Cunoștințe și atitudini față de siguranța alimentelor | 9 ⁴⁵

Published
in Annals
p. 34–37 |

- | | | |
|-------|---|---|
| S1-05 | Gabriela BERECHET* and Rodica SEGAL**
* S.C. Tourism, Hotel and Restaurant – Consulting Group SRL, Bucharest, Romania
** Faculty of Food Science and Engineering, University of Galati, Romania

Influence of Microwave Heating of Food on Nutrients in Food Commodities
Influența prelucrării cu microunde asupra valorii nutritive a preparatelor culinare | 10 ⁰⁰

Published in Volume
p. 60–66 |
| S1-06 | Petru ALEXE and Maria Cristiana TARHON
Faculty of Food Science and Engineering, University of Galati, Romania

Study Regarding Iodine Salt Influence upon Lactic Fermentation
Studiu referitor la influența sării iodate asupra fermentației lactice | 10 ¹⁵

Published in Volume
p. 93–96 |

Section 2 – Food Engineering

E 210 – 2nd level

Chairmans: Professor **Piotr LEWICKI**, PhD
Professor **Corneliu POPA**, PhD

- | | | |
|-------|---|---|
| S2-01 | Geta CÂRÂC, Paula POPA, Cătălina ITICESCU
and Lucian Puiu GEORGESCU
Chemistry Dept., Faculty of Sciences, University of Galati, Romania

Acidity Constants for Organic Acids
Constante analitice pentru acizi organici | 10 ³⁰

Published in Volume
p. 115–119 |
| S2-04 | Ștefan DIMA* , Daniel BĂLȚĂTESCU** and Bogdan CONDREA**
* Chemistry Dept., Faculty of Sciences, University of Galati, Romania
** Faculty of Food Science and Engineering, University of Galati, Romania

Adhesion Study of Food Emulsions on Solid Surfaces with Different Hydrophilic Properties
Studiul adeziunii emulsiilor alimentare pe suprafețe solide cu diferite proprietăți hidrofilice | 10 ⁴⁵

Published in Annals
p. 44–47 |

Coffee break 11⁰⁰–11³⁰

Section 3 – Food Safety and Quality

E 210 – 2nd level

Chairman: Professor **Gabriela ROTARU**, PhD
Lecturer **Daniela BORDA**

- S3-01 Ileana PREJBEANU* and Silvia NEDELCU**** 11³⁰
* University of Medicine and Pharmacy of Craiova, Romania
** Public Health Office of Dolj County, Craiova, Romania

Aspects Concerning Cheese Contamination Published
Aspecte privind contaminarea brânzeturilor in Volume
p. 131–134
- S3-02 Luminița PÎRVULESCU, Carmen DUMITRESCU, Georgeta POP and Simona CONSTANTINESCU** 11⁴⁵
Banat's University of Agriculture Sciences and Veterinary Medicine, Timisoara, Romania

Comparative Analysis of Quality Concerning some Corn Hybrids through Qalimetry Methods Published
Analiza comparativă a calității unor hibrizi de porumb cu ajutorul metodelor calimetriei in Volume
p. 135–138
- S3-03 Iosif GERGEN, Mariana Atena POIANĂ, Luminița PÎRVULESCU, Diana MOIGRĂDEAN and Monica HĂRMĂNESCU** 12⁰⁰
Agricultural Science University of Banat, Faculty of Food Technology, Timisoara, Romania

Antioxidant Capacities, Poliphenols and Ascorbic Acid Contents of some Fruits Juices and Soft Drinks Published
Capacitatea antioxidantă și conținutul de polifenoli și acid ascorbic al unor sucuri de fructe și băuturi răcoritoare in Volume
p. 139–142
- S3-04 Iosif GERGEN , Mihaela PUP, Maria Atena POIANĂ, Monica HĂRMĂNESCU, Diana MOIGRĂDEAN and Ioan GOGOĂȘĂ** 12³⁰
Agricultural Science University of Banat, Faculty of Food Technology, Timisoara, Romania

Mineral Composition of some Fruits Juices Published
Compoziția minerală a unor sucuri de fructe in Volume
p. 143–147

- S3-05 **Elena DUMITRESCU, Simion NICOLAEV, Mircea CRĂȘMARU, Andra OROS and Valentina COATU** 12⁴⁵
- National Institute for Marine Research and Development “Grigore Antipa”,
Constanta, Romania
- Quality of Marine Molluscs with Commercial Importance and Public
Health Protection Published
in Volume
p. 148–153
- Calitatea moluștelor marine de importanță comercială și protecția sănătății
publice

Lunch break 13⁰⁰ – 14⁰⁰

F Building, Ist level

Section 4 – Management and Marketing in Food Industry

Section 5 – Biotechnologies in Food Industry

E 210 – 2nd level

Chairmans: Professor **Aurelia IONESCU**, PhD
Professor **Nabil EL MURR**, PhD

- | | | | |

in Annals
p. 91–96 |

S5-04 **Camelia BONCIU***, **Antoneta Gabriela STOICESCU***,
Daniel PUIU** and **Marian STAN***

* Faculty of Food Science and Engineering, University of Galati, Romania

** Interbrew Blaj, Romania

Researches concerning the Use of Fatty Acids in Wort Fermentation

Cercetări referitoare la utilizarea acizilor grași la fermentarea mustului de malt

15⁰⁰

Published in
Volume p.
230–238

Workshop

15¹⁵

The food – a potential bioterorism vector

Chairman: Professor **Rodica ALEXANDRU**, PhD

Coffee break 16³⁰–17⁰⁰

Posters presentation
and exhibitions tour

17⁰⁰ – 19⁰⁰

F Building

Festive Dinner

20⁰⁰

Section 6 – Aquatic Ecology, Aquaculture and Fishing

F Building – 2nd level

Chairman: Professor **Victor CRISTEA**, PhD

Posters presentation 17⁰⁰ – 19⁰⁰ F Building
and exhibitions tour

Festive Dinner 20⁰⁰

List of posters

Section 1 – Food Science

- S1-P01 Corina CIOBANU and Olga DESEATNICOV**
Technical University of Moldavia, Chisinau, Moldavia Republic
- In Vitro Determination of the Efficiency of Iron in Fortified Bread
Determinarea in-vitro a eficacității fortifierii pâinii cu fier
- Published in Annals
p. 9–14
- S1-P02 Gabriela RĂPEANU**
Faculty of Food Science and Engineering, University of Galati, Romania
- Influence of pH on thermostability of grape polyphenoloxidase – a kinetic study
Influența pH-ului asupra termostabilității polifenoloxidazei din struguri – studiu cinetic
- Published in Annals
p. 15–19
- S1-P03 Elena POSTOLACHE*, Gabriela RĂPEANU* and Mircea BULANCEA****
* S.C.D.V.V. Bujoru, Galati, Romania
**Faculty of Food Science and Engineering, University of Galati, Romania
- Methods for Valorification of Anthocyanins Potential from Grape Skin Merlot Variety – “Dealul Bujorului” Vineyard
Metode de valorificare a potențialului antocianilor din pielea de struguri soiul Merlot – viile “Dealul Bujorului”
- Published in Volume
p. 23–26
- S1-P04 Nicoleta CROITOR and Alexandru ANA**
Faculty of Food Science and Engineering, University of Galati, Romania
- Evaluation of Cabbage Antioxidant Potential
Determinarea potențialului antioxidant al verzei
- Published in Volume
p. 16–19
- S1-P05 Gabriela LENCO and Mircea BULANCEA**
Faculty of Food Science and Engineering, University of Galati, Romania
- Sensory Profiling of Mead by Descriptive Analysis
Profilul sensorial al miedului determinat prin analiză descriptivă
- Published in Volume
p. 20–22

- S1-P06 Mihaela BEGEA*, Traian HOPULELE**, Ion STROIA* and Paul BEGEA***
* Company of Applicative Researches and Investments, Bucharest, Romania
** Faculty of Food Science and Engineering, University of Galati, Romania
- Contribution to Establishment of Correlation between Nitrogenous Compounds Content of Barley, Malt, Wort and Beer
Contribuții la stabilirea unor corelații între substanțele cu azot din orz, malț, must și bere
- Published in Volume p. 27–32
- S1-P07 Liviu Laurențiu GIURGIULESCU and Petre SĂVESCU**
Horticulture Faculty, University of Craiova, Romania
- Comparative Study about Technological Potential of Virginia and Oriental Tobaccos Use in Superior Cigarettes Process
Studiu comparativ privind potențialul tehnologic al soiurilor de tutun Virginia și Oriental utilizate în fabricarea țigaretelor superioare
- Published in Volume p. 33–36
- S1-P08 Aurelia IONESCU, Cornelia VÂȚĂ, Margareta ZARA, Iuliana APRODU and Aida VASILE**
Faculty of Food Science and Engineering, University of Galati, Romania
- Quality and Collagen Content Evaluation of Various Types of Salami
Evaluarea calității și a conținutului de colagen din diferite sortimente de salamuri
- Published in Volume p. 46–51
- S1-P09 Aurelia IONESCU*, Margareta ZARA*, Aida VASILE*, Iuliana APRODU* and Elpida PALTENEA****
* Faculty of Food Science and Engineering, University of Galati, Romania
** ICDEAPA, Galati, Romania
- Study of the Post-mortem Modifications of the Great Sturgeon
Studiul modificărilor post-mortem la morunul de cultură
- Published in Volume p. 52–59
- S1-P10 Mircea LEONTE and Gheorghe ZGHEREA**
Faculty of Sciences, University of Galati, Romania
- Antioxidative Action of Resveratrol. Spectrophotometric Method of Resveratrol Dosing
Acțiunea antioxidantă a resveratrolului. Metodă spectrofotometrică de dozare a resveratrolului
- Published in Volume p. 67–71

- | | | |
|--------|---|--|
| S1-P11 | <p>Rodica DINICĂ, Romică CREȚU, Bianca FURDUI and Traian FLOREA
Faculty of Food Science and Engineering, University of Galati, Romania</p> <p>Researches on the Antioxidant Effect of Indolizine Derivatives
Cercetări asupra efectului antioxidant al derivaților indolizinei</p> | <p>?</p> <p>Published in
Volume p.
79–80</p> |
| S1-P12 | <p>Petru ALEXE, Camelia VIZIREANU, Aura DARABĂ and Maria Cristiana TARHON
Faculty of Food Science and Engineering, University of Galati, Romania</p> <p>Nutritional Supplements based upon Natural Ingredients Addressed to Sustaining Maximal Efforts of Performance Sportsmen
Suplimente nutritive bazate pe ingrediente naturale destinate susținerii efortului maxim al sportivilor de performanță</p> | <p>Published
in Volume
p. 89–92</p> |
| S1-P13 | <p>Călin JIANU, Gabriel NEDELEA, Adelina ADĂMESCU, Aurel LĂZUREANU, Ducu ȘTEF and Ionel JIANU
* U.S.A.M.V.B. Timisoara, Romania</p> <p>A Study of some Colloidal Characteristics in the Series of Derivatized “Homogeneous” Polyethyleneoxy (n=3-18) Chains</p> | <p>Published
in Volume
p. 72–74</p> |
| S1-P14 | <p>Călin JIANU, Gabriel NEDELEA, Adelina ADĂMESCU, Aurel LĂZUREANU, Ducu ȘTEF and Ionel JIANU
* U.S.A.M.V.B. Timisoara, Romania</p> <p>A Study of Coordination Abilities of some Metal Cations of the Series of some “Homogeneous” Derivatized Polyethyleneoxy (n=3-18) Chains</p> | <p>Published

Faculty of Food Science and Engineering, University of Galati, Romania</p> <p>Covalent cross-linked reactions in heat-treated β-lactoglobulin solutions: a kinetic study
Reacții covalente cross-linked la tratamentul termic al soluțiilor de β-lactoglobulină – studiu cinetic</p> | <p>Published
in Annals
p. 20–23</p> |
| S1-P16 | <p>Elisabeta BOTEZ, Liliana GÎȚIN, Ina SIMITARU
Faculty of Food Science and Engineering, University of Galati, Romania</p> <p>Physical and Chemical Characterization of the Fluid Yoghurt
Caracterizarea reologică și fizico-chimică a iaurtului fluid</p> | <p>Not
published</p> |

- S1-P17 Floarea ȘERBANEA*, Silviu STANCIU**, Manuella MILITARU*** and Gabriela ROTARU****
 * Company of Applicative Researches and Investments, Bucharest, Romania
 ** Faculty of Food Science and Engineering, University of Galati, Romania
 *** Faculty of Veterinary Medicine, Bucharest, Romania
- Not published
- Application of the whey permeate to obtain sinbiotic products for veterinary and human consumption
 Utilizarea permeatului rezultat la ultrafiltrarea zerului la fabricarea unor produse simbiotice de uz uman și veterinar
- S1-P18 Paul Ionut DRON, Alina Elena DAVIDESCU, Nicoleta ARTENIE and Neculai Doru MIRON**
 University of Bacau, Romania
- Single and Cumulative Effects of Caffeine and Theobromine on Human Behaviour
 Efectul singular și cumulate al cofeinei și teobrominei asupra comportamentului uman
- Published in Volume p. 37–41
- S1-P19 Adriana DABIJA, Iuliana SION and Monica TULBURE**
 University of Bacau, Romania
- Options of Capitalising Spent Grains
 Posibilități de valorificare a borhotului de malț
- Published in Volume p. 42–45
- S1-P20 Maria CIOROI**
 Faculty of Sciences, University of Galati, Romania
- Correlation between Antioxidant Activity and some Physic-chemical Properties of Soluble Coffee
 Corelații între activitatea antioxidantă și unele proprietăți fizico-chimice ale cafelei solubile
- Published in Volume p. 81–84
- S1-P21 Maria CIOROI**
 Faculty of Sciences, University of Galati, Romania
- The Investigation of Model Melanoidins Obtained from Carbohydrates and Amino-acids
 Investigarea melanoidinelor model obținute din glucide și aminoacizi
- Published in Volume p. 85–88
